EVENT SUPPLEMENTALS

Event Guidelines

- The following policies are subject to change based on local government guidelines in relation to COVID-19.
- All published local guidelines will be on hand for easy reference.
- ChampCar asks that anyone who is at higher risk for severe illness, feeling unwell, or who has been in contact with anyone that is sick in the last two weeks would stay home.
- If you are healthy, but uncomfortable being around other people for fear of illness, it may be better if you skip the event. ChampCar will happily refund your entry fee or move your fee to another event later in the year.
- Event is closed to spectators. It is advisable that non-participating personnel do not accompany the team to the event.
- While ChampCar is not limiting the number of team members per car in attendance, each track may have restrictions that we must follow. Please read the supplemental rules for each event to see if such restrictions exist.
- ChampCar recommends all participants follow current CDC guidelines on social distancing and personal protective gear. Signs will be placed around the venue to remind people of social distancing and protective health protocols. Teams are responsible for determining which types of protective gear (mask, gloves, etc.) they choose to use and for bringing sufficient supplies for themselves.
- ChampCar will work with the track to have frequently touched surfaces such as tables, counters, doorknobs, light switches, etc. cleaned with disinfectant at regular intervals.
- ChampCar will ensure there are plenty of hand washing stations and/or hand sanitizers in and around the facility, particularly high traffic areas.
- Only essential workers are allowed in specialty work areas such as timing & scoring and race control.

Tech

- Only one team member (preferably the captain) may bring the car to tech.
- Bring your completely filled out tech form with you.
- Required decals will be available and set out on a table so you can pick up your own.
- We ask that you maintain six feet of distance from our tech inspectors.
- ChampCar will place less cars into the tech bay than normal to help maintain greater distances between people.

Gear Tech

- Arrive at gear tech fully suited up in your driver gear, carrying your helmet.
- ChampCar will hand you a gear check decal for you to apply on your own helmet.

Registration

- Only the captain is permitted to be at registration.
- If possible, complete all payments before arriving to registration.
- Registration line will be marked to maintain social distancing.
- Bring the team's completed COVID-19 waivers with you (no waiver = no driver band).
- Bring completed tech sheet and/or log book with you.
- Hard surfaces will be disinfected throughout the day.

Drivers Meeting

- Driver meetings will be held outside and comply with social distance protocols. The meetings will also be simultaneously broadcast both by FM transmitter as well as on the ChampCar YouTube Live channel. If a track does not allow public meetings of any kind, ChampCar will hold driver meetings exclusively over an FM transmitter and/or the ChampCar YouTube Live channel.
- Questions will be fielded as usual from in person participants as well as by YouTube chat.

Pit Road

- Some events may limit the number of people on pit road. Read the supplemental event rules for info. Even with no restrictions, ChampCar advises teams to not load up their pit boxes with extra people.
- Drivers will still be checked for arm bands at pit out. Please have your band ready to display to our pit out worker.
- Drivers will still need to report to Black Flag at pit in for on-track driving infractions. A ChampCar staff member will write out the infraction and place it on your windshield for you to read.
- All fueling rules remain in place.

Award Ceremony

- Award ceremony will be held outside, and social distancing protocols will be followed.

Pre-Tech Inspection by Skype

For those individuals who are concerned about interacting with ChampCar tech staff and the transfer of germs/viruses/bacteria, ChampCar is offering Pre-Tech by Skype from the safety of your own garage. This is a full vehicle inspection done the same way as it would be done in person. If you are interested in this service here's how to sign up:

- Ensure you have what is needed to do a video call (high speed internet connection, camera, audio).
- Contact jay.mauney@champcar.org and request an appointment. Appointments are limited so don't wait too long.
- Print out a ChampCar tech sheet and completely fill it out before your meeting.
- At your tech appointment you will show Tech all aspects of your car and answer any questions tech has. If your car passes inspection, Jay will send you an email confirming your success.
- When you arrive at the track have one team member drive your car to tech and pull into the line marked "Pre-Tech Cars". A ChampCar tech official will ask for your confirmation email. No email and they will ask you to move to the regular line.
- With your email in hand, the ChampCar tech official will walk around your car one time to confirm everything from your Skype call is there. They will then place an annual tech decal on your car and you are done and ready to race.

Despite the nature of this inspection being via teleconference, all the same rules and policies apply. You are required to disclose all details of your car. If aspects of your car are hidden and later discovered at the track, whether at pre-tech confirmation, post race impound or anywhere in between, you can be moved to EC or disqualified or removed from the track. Our hope is that this new option can alleviate the fears some of you may have about direct contact this summer and help speed up our current tech process.

If you have any questions, email info@champcar.org.

Convertibles and topless cars only. May face forward or toward drivers right like on the roof.

To order decals, visit
RVA Graphics & Wraps
<https://www.rvagfxstore.com>

Only official ChampCar Decals will be allowed through tech. Do not print your own.

Official decal locations and order are required and are not a suggestion.

You will not be allowed to enter the track until decals are in the required locations.

Maxxis tire contingency decal on left and right side front fenders.
NOT needed if you are not using Maxxis VR-1 Tires.
Available at Event Tech Inspection.

Place sponsor and number panel as shown between arrows. They **MUST** be displayed as in the image above. You may cut out the sponsor decals, but they must remain in the vertical alignment, and be in the same order. Failure to do so could keep your team from starting the race until they are fixed. 2020 requires that you add the Bell helmet decal below the Frozen Rotor decal. Bell decals will be available at tech.

Windshield banner is required at the top of the window. The background is optional. Per the BCCR, do not use white, orange, or yellow backgrounds. Cars without front windshields must have the decal at the top of the hood. The letters can be arranged to the curvature of the window. Team sponsor decals may go below the TireRack decal.

Additional event specific decals may be required at certain events. Instruction on placement of those decals will be available at the event and in the ChampCar Event Supplements. Most likely place for the decals will be above the class letter on the doors.

If you have a custom wrap, please make arrangements for the required ChampCar decals in your design.

The number panel design will allow you to remove the top and lower Sponsor/ChampCar sections if you race with other sanctioning bodies. Just visit tech when you return to ChampCar to get new upper and lower sections of the number panel for free.

Replacements available at Tech & Registration on race weekends. Limited quantities available.
